St Thomas Elgin General Hospital and Honeywell Launch Energy Conservation Program

St. Thomas, ON – St. Thomas Elgin General Hospital (STEGH) invites the media to attend a special event to announce the launch of an Energy Retrofit and Facility Renewal Program with Honeywell, during 'Energy Day' at the Hospital. Mr. Peter Love, Ontario's Chief Energy Conservation Officer will acknowledge the outstanding energy conservation efforts of the STEGH team by presenting a Certificate of Recognition to Paul Collins, STEGH President and CEO. St. Thomas Elgin General Hospital is the second most energy efficient hospital in Southwestern Ontario and this new program will build on that success.

Date: **Tuesday May 22, 2007**

Time: **2:00p.m.**

Location: **St. Thomas Elgin General Hospital - Atrium (Ground Floor)
189 Elm Street, St Thomas Ontario**

- STEGH will launch an Energy Retrofit and Facility Renewal Program with Honeywell
