

Job Posting – Family Practice Positions

The Health Recruitment Partnership – a committee mandated by The City of St Thomas & County of Elgin is seeking to fill several Family Physician Positions. These practice models include Family Health Organization (FHOs), Family Health Teams (FHTs), Fee for Service (FFs) and Blended salary model (BSM).

Why live here? St. Thomas & Elgin County

It is strategically located with convenient access to the major highways 401, 402 and 403, the cities of London, Woodstock, Toronto, Chatham and Windsor. Home purchase & rental are very reasonable in comparison to the Greater Toronto Area (GTA) and there is minimal traffic which adds to the overall quality of life. With the recent opening of the Amazon Fulfillment Facility and the Volkswagen Battery Cell Factory under construction, The City of St Thomas and the County of Elgin is geared for astronomical economic growth in the next couple of years.

If you appreciate nature, there is plenty of it which offers the big city feel as well as opportunity to be close to greenery. There are several U-Picks (Apple, Strawberries, Corn (to name a few). The Port Stanley beaches are also in close proximity and as well as beautiful trails and sceneries. An incredible, diverse area to raise a family.

In terms of practicing medicine, St. Thomas and the County of Elgin is considered a high-need area which means that there are many unattached patients looking for family doctors. If you are taking over a practice, you do not need to “buy” the practice as it is common practice in other cities, patient transfer between physicians is done without paying the exiting physician. Support is available to help physicians transitioning from a different system to make it easy for them.

The City of St. Thomas & County of Elgin provides \$33,000 to physicians deciding to open up practice in our community and there are other wonderful incentive programs relating to renting/building that are also available.

Ideal candidates should:

- Be registered with the College of Physicians and Surgeons of Ontario (CPSO)
- Licentiate of the Medical Council of Canada (LMCC), College of Family Physicians Certification (CCFP), Licensure by provincial or territorial authorities

New grads and Physicians trained Internationally (IMGs) are welcome.
