

## Anatomic/General Pathologist

### St. Thomas Elgin General Hospital

The Department of Pathology at St. Thomas Elgin General Hospital (STEGH) is seeking a talented and dynamic pathologist to join our esteemed team of two pathologists. Located in St. Thomas, Ontario, STEGH is a fully accredited 179-bed facility renowned for its comprehensive medical services and state-of-the-art facilities.

#### About Us:

- **Cutting-edge Facility:** Our brand-new laboratory services department sets the standard for laboratory workflow and testing quality with the latest technology.
- **Integrated Support:** We partner with the Department of Pathology and Laboratory Medicine (PaLM) at London Health Sciences Centre (LHSC). This partnership guarantees Laboratory support for all staff, and consultation services in both the clinical laboratory area and in pathology.
- **Diverse Case Load:** Our pathology department handles approximately 7,500 specimens annually, focusing on areas such as Gastrointestinal, Gynecological, Breast, Urological, and Dermatopathology, along with Clinical Autopsy services.
- **Academic Affiliation:** As an affiliate of Western University's pathology residency program and pathologist's assistant program, we offer opportunities for teaching and professional growth. Pathologists at STEGH are eligible for Adjunct Professor status at Western University.
- **Location:** Conveniently situated just 30 minutes from downtown London and Western University, and only 15 minutes from the scenic beaches of Port Stanley, STEGH offers a vibrant work environment in the heart of Southwestern Ontario. With the recent opening of the Amazon Fulfillment Facility and the Volkswagen Battery Cell Factory under construction, Elgin County is poised for significant growth, with its population projected to increase by 25-40% by 2046.

#### Position Requirements:

- **Certification:** Candidates must be certified in Anatomic or General Pathology by the Royal College of Physicians and Surgeons of Canada.

- **Licensure:** Licensed by the College of Physicians and Surgeons of Ontario for independent practice.
- **Experience** in transfusion medicine is considered an asset.

**Benefits:**

- **Continuing Education:** We support our team's professional development with remuneration for continued medical education, fostering a culture of excellence in patient care.

**Why Join Us?** This is an exciting opportunity to work in a collaborative and innovative environment, making a significant impact on patient care while enjoying the benefits of a supportive community and a diverse clinical caseload.

STEGH is celebrated for fostering a culture rooted in compassion, respect, and continuous innovation, all aimed at providing exceptional care. This commitment to excellence was recently acknowledged in May 2025 when STEGH received the prestigious Business Achievement Award from the London Chamber of Commerce in the category of "Excellence in People and Culture," standing out among numerous distinguished nominees.

If you are a dedicated pathologist seeking to advance your career in a progressive healthcare setting, apply today and become part of our dedicated team at St. Thomas Elgin General Hospital.

**Interested candidates should forward a complete CV and cover letter to:**
